An Evening with Santosha Village

Sunday Nov 5th

6:00pm-7:30pm

Ashtanga Yoga Room

2521 Jena Street (2nd Floor)

Join us for an interactive dialogue with Haiyan Khan, founder of Santosha Village, a local organization working to build a tiny house, healing community for the homeless in New Orleans.

The evening's discussion will touch on a variety of topics, including hyper-affordability, tiny house design, community living, emotional wellness, and creating the space to ask, "what is a meaningful life?".
